People who support you

The people who support you at Cedar Vale have good training and know how to help.

Nurses and other carers are here to support you all day and all night.

You will have a named nurse.

This is a nurse who knows you really well and knows the best way to support you.

You will also have a named key worker. This is a carer who knows you really well.

Your psychiatrist is a doctor who helps you with mental health problems.

This could be

- talking
- using pictures or symbols
- signing
- other ways that you communicate.

Your occupational therapist helps you to be more independent.

This could be things like

- getting dressed
- getting out and about
- making your own meals.

What happens before you come here

If your social worker thinks you should come to stay at Cedar Vale they will tell us.

This is called a referral.

We want to make sure that Cedar Vale is right for you.

You can come and stay at Cedar Vale for a day to see if you like it.

You can meet

- the people who stay here
- the people who will support you

You can try the food.

What happens when you come to stay here

Assessment

When you first arrive the doctor will talk to you to find out what support you need.

This is called an assessment.

We need to know about

- support you already get
- other support that might help you.

Every month we will have a meeting with you and these people

- the nurses at Cedar Vale
- the doctor at Cedar Vale
- other people who support you at Cedar Vale.

Every 3 or 6 months we will have a meeting with you and these people

- your family
- your social worker
- the nurses at Cedar Vale
- the doctor at Cedar Vale
- other people who support you at Cedar Vale.

We will talk about your treatment and support.

We will make sure you are getting the right treatment and support.

Consent

Before you can get treatment you need to give consent.

This means we tell you all about your treatment and you say if it is ok to do those things.

If you cannot give consent we will ask someone else who knows you well.

They can say if they think the treatment is the best thing for you.

We will still involve you as much as we can in making choices about your treatment.

You can find out more about consent in a leaflet called Let's talk about making decisions.

Treatment

Treatment means all the things you get at Cedar Vale to help you feel better.

Positive behaviour support

This means helping you to feel better and learn new things.

This could be cooking a meal or getting out and about.

We will talk to you and find out what things you want to do. We will help you to do these things.

Behavioural therapy

This is learning new ways to behave when something makes you stressed or unhappy. For example learning how to calm down when you get upset.

Cognitive therapy

This means helping you to understand why you feel stressed or unhappy. This can help you to change how you think so that you can feel better.

Psychology input

A psychologist can help you find out why you feel stressed or upset. They can teach other people who support you the best ways to help.

Medication

This is medicine or tablets to help you feel better.

We will help if you need to see

- a dentist about your teeth
- an optician about your eyes
- a doctor or a GP
- anyone else about your health.

If you want to smoke you must go to the outside smoking area.

Ask a nurse for a lighter or matches.

If you want to stop smoking the nurses and carers can support you.

Care planning

We help you do a person centred care plan.

Someone will spend time with you, to find out what is important to you. This will help us plan support that is right for you.

We have integrated care pathways. This means that everyone involved with your support or treatment works well together.

We have meetings and share information to find the best ways to support you.

We keep any information about you private.

We will only show the information to the people who need to see it.

Paying for your support

Danshell gets money to pay for you to stay at Cedar Vale.

The money we get pays for these things

- your food and drink
- people to support you

- heating
- lights

- washing your clothes
- things to do every day.

Paying for other things

You have to use your own money to pay for these things

- clothes
- cigarettes

- newspapers
- books

- toiletries, shampoo
- getting your hair cut
- extra activities you want to do.

We will help you to keep your money safe.

You can lock up your money in your room.

If you want us to we can take care of your money until you need it.

Having your say

We have a service user meeting every week at Cedar Vale.

You can tell us what you think about Cedar Vale.

You can talk to an advocate too.

Advocates are people who help you have your say about what you need and what you want.

Your advocate works for Voiceability.

Your right to complain

We want you to tell us about anything you are unhappy about at Cedar Vale. We will try to sort it out. This is called complaining. Complaining helps us to make things better.

You can complain about anything at Cedar Vale.

This could be

- people who support you
- your room
- things you do during the day
- food
- anything else.

You can find out more in a leaflet called Let's think about making a complaint.
