

Supporting you to live as independently as possible

Your own home

Supported Living is an important step towards independence. We know how important it is for you to have the right support so you can live the life you want to live.

We are delighted to provide Supported Living in Staffordshire to help you take those steps towards living independently and achieving your goals. We work with Registered Housing Providers to support you to find your own home that suits your needs.

This might include large living space, a garden, a wet room or bathroom to accommodate reduced mobility, as well as local community facilities. We ensure that your needs and preferences are met and that you are able to easily do the things you want to do.

We are here simply to support you to achieve your goals and dreams, whatever they may be. Our aim is to help you to build your skills and confidence, so you are able to live as independently as possible.

"We know that many people want to live independently. We want to help them achieve that and make sure they have the right support."

How we support you

- Working with you to find out your strengths, abilities and preferences. We get to know you and also talk to your family, carers, advocates and other people who are important to you.
- Helping you to set goals as part of your support plan.
- Working with you to help you achieve your goals.
- Working with other people who support you.
- Making sure you have easy read information about your rights and choices in whatever format and language you choose.
- Providing practical help, such as training and support on how to manage your home, your money, gardening, housework and healthy living.
- Helping you to build relationships and access whatever community activities you would like to take part in.

Please feel free to visit our office to see how we can support you. Our office is easily accessible in Stafford City Centre and our friendly and caring Service Manager Julia is available to give you advice and information about our services.
